

QRCode

Create a QRCode for a Wifi network

Hit "CTRL+F9" where you want to add your QRCode.

Inside the brackets that appeared type the following code:

```
DisplayBarcode "WIFI:S:<SSID>;T:WPA;P:<password>;" QR \q 3
```

Replace "<SSID>" and "<password>" with the corresponding value.

Finally to show the QRCode right click on the block and hit "Switch block"
